**LEARNING**  
Australia  
The ePortfolio for **prevocational doctors**

# Live from March 2025

A national platform to support the development, training and assessment of prevocational medical doctors (PGY1 and PGY2) across all states and territories in Australia.

Prevocational doctors, supervisors and other users will be able to start using Clinical Learning Australia to record prevocational medical training experiences and assessments from March 2025.

Speak to your local Medical Education Unit (MEU) about how Clinical Learning Australia is being rolled out in your state or territory.
