# Viewing the Pathology and Diagnostic Imaging (DI) Reports Overview

Note: These steps assume that your software is connected to the My Health Record system, the patient has a My Health Record and their individual healthcare identifier (IHI) has been validated in your system

STEP 1: To access the patient's My Health Record, select the **My Health Record** icon above the Summary Views panel.	Last Updated: 02/10/2020 2:55:11 PM Referrer: Summary Views
STEP 2: Select **Refresh** in the Document list.	My Health Record Documents for Derrington, Caleb Clinical Documents / Medications Summary / Pathology Report View / Diagnostic Imaging Report View Filter By — Include Documents From — Last 3 Months / Last 12 Months / Last 6 Months / Date range — From: 2 Nov 2019 To: 2 Nov 2021 — Include Documents Status — Removed / Superseded — Refresh
STEP 3: Click on **Pathology Overview** or **Diagnostic Imaging Overview** in the Document list (they will always appear near the top of the list).	Clinical Documents / Medications Summary / Pathology Report View / Diagnostic Imaging Report View Filter By — Include Documents From — Last 3 Months / Last 12 Months / Last 6 Months / Date range — From: 3 Nov 2019 To: 3 Nov 2021 — Include Documents Status — Removed / Superseded — Refresh This is not a complete view of the individual's health information. For more information about the individual's health record or data, please co professionals as needed. Document date — Service date — Document — Organisation — Orga 11 new document(s) since the last Shared Health Summary Personal Health Summary Medicines View Diagnostic Imaging Overview Pathology Overview Immunisation Consolidated View

The Pathology Reports Overview and Diagnostic Imaging Reports Overview bring together all test reports available in a My Health Record within a specified date range, with tests grouped by date, name and type. These Overviews allow you to quickly and easily find a specific report.

STEP 4: Within the Overview, you will be able to navigate down or use hyperlinks to see information related to your patient's recent test history.	**Pathology Reports Overview (Filter range from 18-Oct-2020 to 18-Oct-2021)** Important This view only displays Pathology Reports available in this patient's My Health Record and is not a complete history of all Pathology Reports. This view also does not show Pathology results from other clinical documents, e.g. a discharge summary or event summary. Please note: • Pathology Reports shown are those collected within the date range of your software's document list filter; • if Pathology Reports are not displayed, narrow the date range of the document list filter to the specimen collection date of the report. For more information [Help] View generated on 18-Oct-2021 14:29 **Reports - grouped by Test Name and ordered by Specimen collection date** 01-Mar-2021 to 01-Mar-2021 (7 months ago) Organisation / Specimen collected date / Time / Test name / Status / Report / Report group QML Pathology / 01-Mar-2021 (7 months ago) / 16:45 / Electrolytes Urea Creatinine / Final / Report 16:45 / Full blood count / Final / Report 16:45 / AUTOMATED DIFF / Final / Report End of Section - Reports - grouped by Test Name and ordered by Specimen collection date **Reports - grouped and ordered by Test Name** 01-Mar-2021 to 01-Mar-2021 (7 months ago) Organisation / Specimen collected date / Time / Test name / Status / Report / Report group QML Pathology / 01-Mar-2021 (7 months ago) / 16:45 / AUTOMATED DIFF / Final / Report 16:45 / Electrolytes Urea Creatinine / Final / Report 16:45 / Full blood count / Final / Report

To access a report, click on the **hyperlink.**

If you cannot see a Pathology/DI report within an Overview, please note the following:

- If you don't select a date range, you will automatically see up to two years' worth of pathology reports and seven years' worth of DI reports.

- If your date range is too narrow, try expanding the date range in the Document list.

Other reasons why you may not see a report:

- Report links may be missing if there are too many reports for the system to display within your set date range, or if the report itself is too large. If this is the case, instructions will be provided to guide you to open the report.

- The reports may not have been uploaded to the patient's My Health Record.

- The reports may have been restricted from view by the patient or their representative.
